

WHY JOIN?

Community Calendar

1

Exciting things are happening here — and it starts with you! When locals know about events first, they spread the word faster than any ad ever could. Help us spark excitement, bring our community together, and show the world what Daviess County has to offer.

2

With a free Locable account (paid for by the Visitor's Bureau), you can easily add your events to our calendar and website — all in one place! Link your account to your social media and Google Business to update everything at once.

No website? No problem. Your Locable page can act as your landing page for free!

3

Be part of a one-stop shop for all local events! Schools, nonprofits, businesses, and city/townships — everyone is welcome! Post your events and get FREE radio advertising on WAMW! Plus, we'll feature your event on state and regional tourism sites like Visit Indiana and Discover Southern Indiana — reaching even more people!
